POWERED ARM Tarp System

Truck Class
Class 7 and 8 Vehicles

Applications
Hooklift & Rolloff

Introducing the Powered Arm System from US Tarp: The ultimate solution for heavy-duty container handling needs. Engineered with all-steel construction, this system is built to last, providing unmatched durability and reliability for the most demanding applications.

Fully hydraulic with a 5000psi rating, the Powered Arm ensures smooth and efficient operation, reducing downtime and maximizing productivity. Whether you're handling scrap metal, construction debris, or waste materials, this system delivers the power and performance you need to get the job done.

The Powered Arm is compatible with all major hook-lift & roll-off manufacturers and utilizes universal replacement parts, making it the ideal choice for businesses with diverse hauling requirements. Installation time is fast and efficient with the standard, fully assembled gantry frame and tarp pre-installed on the roller-bar.

Haulers need look no further than the Powered Arm System from US Tarp for unparalleled strength, hydraulic precision, versatility in container handling, and seamless compatibility with a wide range of equipment manufacturers. Invest in the Powered Arm System today and experience the difference it can make for your operations.

Pre installed tarp on roller and fixed to gantry. Tarp options for every application.

Powered Arm System Models

Powered Arm Standard System With Control Valves

Reinforced, Expandable Black Mesh Tarp - 40400	18000
Reinforced, Expandable Black Monster Mesh Tarp - 40420	18001
Reinforced, Expandable Black Armor Mesh Tarp - 40410	18002
No Tarp Included (Custom Tarp Selection)	18003

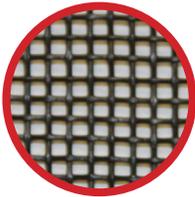

*Wireless Option: Add "-WL" to above part numbers

Powered Arm System No Control Valving

Reinforced, Expandable Black Mesh Tarp - 40400	18004
Reinforced, Expandable Black Monster Mesh Tarp - 40420	18005
Reinforced, Expandable Black Armor Mesh Tarp - 40410	18006
No Tarp Included (custom tarp selection)	18007

System Basics	Measurement
Max Container Size	24'
Adjustable Height Gantry	36"
Adjustable Arm Length	36"
PTO (Power Take Off) Driven	100%

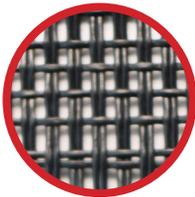

Tarp Options

Black Mesh

The industry standard cargo control mesh Medium weight, PVC-coated polyester recommended for rock, sand gravel and brush.

Material Code - BM

Black Monster Mesh

Heavyweight tightly woven mesh with 50% more threads than our HD. PVC-coated polyester. Perfect for refuse and storm clean-up applications

Material Code - BMM

Armor Mesh

Severe Duty block woven 5x5 PVC coated Polyester mesh. Provides outstanding performance in recycling, refuse, demo and storm clean-up applications.

Material Code - AM

Reinforced, Expandable Replacement Tarps	Part Number
Reinforced, Expandable Black Mesh Tarp for Powered Arm System	40400
Reinforced, Expandable Black Monster Mesh Tarp for Powered Arm System	40420
Reinforced, Expandable Black Armor Mesh Tarp for Powered Arm System	40410

Hook Cutout Tarps	Part Number
Black Mesh Powered Arm Tarp with 16" x 36" Cutout	94-28-BM-HOOKLIFT
Monster Mesh Powered Arm Tarp with 16" x 36" Cutout	94-28-MM-HOOKLIFT
Armor Mesh Powered Arm Tarp with 16" x 36" Cutout	94-28-AM-HOOKLIFT
