

# Flatbed Tarps

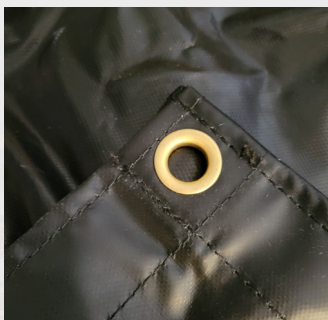

## Lumber, Steel, and Machine

**USTarp**  
Covering America®

US Tarp's continued efforts in becoming the most innovative and complete solutions provider across all three of our major market segments means that we are now offering Flatbed Tarps.

Each of our Flatbed Tarps comes with seat belt webbing reinforcement around all grommets and D-rings which are placed in 2 foot intervals across the entire tarp.

Our high quality Flatbed Tarps come in a variety of sizes and styles to help you keep your cargo secure no matter the application. We carry 3 select styles of tarp in various sizes, so whether it's lumber or steel, our tarps will keep your load covered for the miles ahead.
